CITY TRUSTEES

Low Bids on Fire and Street Bonds. Building Ordinance Started—Committee on Owens River Water

All members present. Bids for purchase of fire apparatus and street improvement bonds were opened and declared as follows:

E. H. Rollins & Son, San Francisco, par. accrued interest and \$17.50 premium; Wm. R. Staats Co., fire bonds only, par. accrued interest, and premium \$87.50.

Both bids referred to finance committee.

A bid of \$60 for printing the bonds was received from Jeffreys of Los Angeles. Referred to supply committee.

A communication was received from the Verdugo Pipe & Reservoir Co. asking instructions as to the kind of box desired for cover to gates and cut-offs, on their pipe lines.

Application to do street work on Brand boulevard for 150 feet south of Sixth street; request granted.

A report was received from Ernest J. Morgan, auditor of the city books, to the effect that only a few small errors had been found.

A petition was received from a number of property owners in the neighborhood of Campbell and Dryden streets, asking for the installation of a fire hydrant. On motion of Mr. Coker, the fire chief was requested to recommend a location for the same. In this connection the fact that the city has been enjoined by a water company from making connections at present time, was discussed, there being some doubt as to whether any connections even for fire protection could be made at present. On recommendation of the street superintendent an order was made that an ordinance be prepared declaring the street between Verdugo road and Glendale avenue to be a boulevard.

City Tax Collector Hoffman appeared before the board and made a verbal report and on motion his final report was accepted, showing a delinquent list consisting of 596 pieces of property.

An ordinance for the opening and widening of Orange street, by condemnation proceedings, was read third time and adopted.

Trustee Thompson brought up the matter of the building ordinance which has been hanging fire for a long time and the same was taken up and read first and second times. The discussion in regard to this ordinance was principally in regard to fire limits; certain provisions being calculated to prohibit the erection of frame buildings in certain sections.

A resolution was adopted "expressing the desire" of the city of Glendale to negotiate with the city of Los Angeles for the acquisition of a water supply for the city and directing the public works committee to carry out such negotiations." On motion Chairman Watson was added to the committee. Following this the board adopted a memorandum to govern this committee. This memorandum states that the committee shall negotiate for 200 miner's inches, equivalent to 4 cubic feet per second; further that before any steps are taken toward the acquisition of said water, the city shall make full investigation as to its purity and the ability of Los Angeles to deliver it at a point satisfactory as to elevation, etc. The only basis to be considered is the acquisition of the water in perpetuity. The further provisions are in regard to payments. The committee is only empowered to report back to the trustees.

An ordinance regulating the distribution of newspapers so that they shall not be scattered over the streets to create a nuisance, was read first and second times.

CLOSING THE GAP.

Supervisor Pridham is reported as favoring the completion of the branch of the road roads system connecting La Canada and Los Angeles by way of Glendale. The road is completed north of Glendale city limits through Verdugo canon and is continued on through Glendale by the recent improvement of Verdugo road through the city limits southward. From the southeast corner of Glendale to San Fernando road, a distance of about two miles, the road is unimproved. As a considerable portion of this piece of road is within the limits of Los Angeles city, it is probable that Mr. Pridham will take the matter up with the authorities of the latter city and see that the county does its share. He has no jurisdiction in Los Angeles city.

P. E. O. LUNCHEON.

Pleasant indeed was the all-day meeting and luncheon held on Wednesday by Chapter L at the home of Mrs. John G. Hunchberger on Central avenue. The forenoon session was devoted to business and was presided over by the president, Mrs. A. L. Bryant. Roll call answers were, "My First Impressions of Glendale," and were exceedingly interesting, some dating back over many years.

A delicious luncheon was served at noon, followed by a happy hour of visiting.

The afternoon literary program was entitled "Woman's Round Table," and comprised a discussion of leading suffragettes lead by Mrs. A. W. Tower, and the suffragette states by Mrs. John Pirtle. "Looking Backward," a picturesque description of the old adobe Spanish homesteads in this vicinity, written by Mrs. G. E. Williams, was read.

Chapter L will next convene at the home of Mrs. Charlotte Goss of Fifth street, on January 22nd at 2:30 p. m.

GET-TOGETHER MEETING

Meeting of Chamber of Commerce Was Well Attended and a Great Success

The meeting held by the Chamber of Commerce last Friday evening in Masonic hall was attended by a large gathering of citizens who enjoyed the social features of the occasion and the fine program that was offered. President E. U. Emery made an address setting forth the things accomplished for usefulness in the future. Mayor T. W. Watson made the principal speech of the evening. He spoke of the necessity for such an organization in our present day life. He laid particular stress upon the necessity for Glendale having such an organization supported by people from every section of the city, that it could not be a success if supported by people from one section only. It is a body that deserves and should receive support from all citizens and when so supported is a power for good. Mr. Frank Geller, a singer from Los Angeles who has favored the chamber at former meetings, sang several high-class selections, responding generously to encores. Miss Helen Tyler of Los Angeles and Miss Marian Henry of Glendale gave readings which were highly appreciated. Miss Frankie Barkley sang vocal selections accompanied by Miss Edna Kinney. The program wound up by the serving of sandwiches, coffee and cakes in generous quantities.

A call was made on members present to pay dues, to which there was a liberal response. A number of new members also signed the roll.

SURPRISE BIRTHDAY PARTY.

One of the happiest surprises of the season was the birthday party given on Monday evening in honor of Miss Mattie Pulliam at her home, 148 Kenwood street. Hostesses of the evening were Mrs. C. O. Pulliam and Miss Emma Pulliam.

After being absent during the afternoon and the early part of the evening the honor guest arrived at her home to find it crowded with friends from far and near, who gathered around her to offer their sincere congratulations. A pleasant evening was enjoyed by the five hundred, after which handsome prizes were awarded the winners.

A birthday supper was most beautifully served. Covers were laid at tables arranged for four and each table carried out a different color scheme each having its flowers, place cards, favors and desert course of its own color, there being a pink table in pink rose buds, a white table in white roses, a yellow table in yellow roses, a red table in red roses, and a lavender table with lavender phlox. A large pink birthday cake was proudly adorned with twenty pale pink candles which was served lighted.

The guests departed at a late hour declaring the affair was one of the prettiest of its kind they had ever enjoyed. Miss Pulliam received quantities of handsome gifts.

Mrs. A. L. Lewis of Kenwood street was assistant hostess of the evening.

LINEN SHOWER.

A charmingly planned affair was the dainty pink tea and linen shower given Saturday afternoon by Miss Angeline and Miss Frances Zerr of 147 East Third street in honor of their sister-in-law, Mrs. Elijah Zerr, one of the season's most recent brides. A delightful surprise for the honor guest was a handsome linen shower, after which a pleasant afternoon was devoted to needlework in her behalf. A jolly incident was the throwing of the bride's bouquet which was caught the first time by Miss Frances Zerr and the second time by Miss Cora Ward.

Decorations were carried throughout the rooms in pink roses and ferns. Tea was served at a beautifully decorated table. A low mound of pink LaFrance roses made an effective centerpiece. Dainty pink favors and pink hand-painted place cards of roses marked covers for Mrs. Bessie W. Klinkke, the bride's mother; Mrs. Plummer Van Zant, Miss Jewell McCleary, Mrs. Llewellyn Andrew, Mrs. Warren Roberts, Miss Birdie Shropshire, Miss Lillian Shropshire, Miss Iva Hunter, Mrs. May Fancett Collins, Miss Lila McConnell, Mrs. Mable McFadden, Mrs. Fern Hedges Newton, Miss Ruby Borthick, Miss Fred Borthick and Miss Cora Ward.

Mrs. Zerr will be at home to her friends after February 1st, at 246 Verdugo road.

IN THE RECORDER'S COURT.

Matters in the recorder's court have been quiet this week. Marshal Miller even took a rest on Sunday as far as the arrest of speeders is concerned; nothing doing.

The case of the city of Glendale against Messrs. Olmstead, Boyle and Griffith, charged with violation of a city ordinance in maintaining and operating a pool room, comes up Saturday next on demurrer which the recorder will probably overrule and set the case for trial. The case of destitution reported last week to the city authorities was investigated by Marshal Miller who found that a Mexican who has a wife and four children was spending all of his money for drink and evading family responsibilities. The necessities of the family were relieved for the time being and the officers will keep several eyes upon the faithless husband and father.

Fourteen new members were received last Sunday, making a total of 128 received since last February. Total membership to date, 302. Total enrollment in Sunday school, 265. Two week-night Bible classes are to be organized, one in general Bible study, and the other in personal work, to be known as a Personal Workers' League.

FIRST BAPTIST CHURCH.

In the absence of the pastor last Sunday, the Rev. J. C. McKee preached two excellent sermons.

The mid-week meeting for prayer and praise will be held as usual on Wednesday evening at 7:30. Strangers are always welcome.

The regular monthly meeting of the Woman's Aid Society will be held in the church on Thursday afternoon at 2:30.

All services as usual next Sunday. Sunday school at 9:30 a. m.; preaching by the pastor at 11:00 a. m.; Young People's union at 6:30 p. m.; preaching at 7:30 p. m. In the evening the pastor will begin the series of sermons which would have been started last Sunday evening if he had not been away. The general subject to be considered on Sunday evenings for some time will be "Things Questionable and Unquestionable." Next Sunday evening the special "Thing" will be that old and so much discussed question, "Is It Wrong to Dance?" Everybody is invited to come and hear a frank and fair discussion of this question. Good music is always a feature of our services.

ACCIDENT AT 2d AND BRAND

P. E. Car Runs Down Automobile. Driver Injured

About ten o'clock Wednesday morning the Pacific Electric car coming from Casa Verdugo ran into an automobile belonging to the gas company at Second and Brand, completely demolishing the machine and injuring the driver, Mr. Courtney, seriously about the head and face. It was raining at the time and the driver of the auto had the storm curtains down, so that it is presumed he did not notice the approaching car. The auto was going eastward over the track at the time and was struck with sufficient force to knock the upper structure from the running gear, the latter being wedged in the car wheels so that the car was brought to a stop. The driver was able to pick himself up and out of the wreck, although suffering from a broken nose, one or two deep cuts and numerous surface injuries about the face and head. His escape with his life, or at least without broken bones is almost miraculous.

CIVICS DAY.

One of the most successful and interesting meetings of the year was held on Tuesday in the Masonic hall by the Tuesday Afternoon Club. Owing to the absence, occasioned by illness, of Mrs. R. E. Chase, president, the afternoon was presided over by Mrs. C. E. Hutchinson, vice president.

The day was devoted to civics and was in charge of the civics committee, comprising Mrs. R. W. Meeker, Mrs. A. K. Crawford, Mrs. Freeman Kelley, Mrs. E. D. Goode, Mrs. Fred Baker, Mrs. J. W. Usilton and Miss Ruth Byram.

A splendid address was given by Mrs. Vernon Campbell Herron, district chairman of civics of the federated clubs. Her discussion included an outline of the plans of the various departments of the district civics committee and the work they hoped to accomplish with the clubs in the district.

Mrs. Meeker, chairman of the local civics committee, gave a brief outline of the work to be accomplished during this year by that department, including the efforts to secure city parks. During the business session an announcement was made that the Tuesday Afternoon club's share of the Harry Girard concert, recently given, would net over one hundred dollars. A large number of applications for club membership were read. A pretty incident of the afternoon was the presentation of a handsome gift by the club to Mrs. Martha Morris, a past president, who has recently celebrated her 81st birthday.

The next meeting of the club will be Federation Day, on January 28th.

DEATH OF A NOTED WOMAN.

Mrs. Jane N. Dawson, formerly of Glendale, died December 28th at Redondo Beach, where she was sojourning with her sister-in-law, Mrs. Hannah V. Smith. She was nearing her 85th birthday. Mrs. Dawson was, for many years, a clergyman of the M. E. church of New York and until the right of women in that respect was abolished. She was a lifelong advocate of woman suffrage and lived to realize her ambition, her Glendale friends giving her a special recognition when the cause won out in California. Her long and useful life has closed and she has gone to a merited rest. By some oversight the notice of Mrs. Dawson's death, sent to the NEWS, did not arrive until now. Her numerous friends in Glendale will be interested to learn the facts.

THE WEATHER.

After the cold spell of the past ten days, Southern California has reason to be grateful for the rainfall which began Wednesday morning. It will enable farmers and gardeners to start their spring work and will create a demand for nursery stock. Further than this it will have a tendency to keep down the price of feed, provide green stuff for the poultry and start the hens to laying, all of which will tend to keep down the high cost of living. And last, but possibly not least, it will fill the hearts of the people with encouragement after the late freeze and make them believe that possibly all may be well after all.

By the gauge of Mr. H. E. Bartlett, Brand boulevard, the rainfall for the storm measures 1.46. For the season, 3.31.

REBEKAH INSTALLATION.

On Thursday evening, Jan. 23, Carnton Rebekeh lodge will install the officers of their lodge. All members requested to be present.

The benefit social given by the Rebekahs on Wednesday, Jan. 8th, was quite a success even though many who had planned to attend were obliged to forego the pleasure on account of sickness, and many were absent on account of the weather. Those who were there, however, had a most enjoyable time and quite a supply of clothing, etc., was taken in at the door. There will be another social time in February.

WINNERS AT POULTRY SHOW

A Number of Local People Receive Prizes and Honors

Irving H. Oliver of West Tenth street, Tropic, carried off the most of the prizes and honors on Silver Campines, in a class of 50 birds, some of them being brought from the East for the special purpose of competing here. Mr. Oliver secured three first prizes, two fourth and fifth, and the American Campine club's ribbon for the best male; also the California club ribbon for best cock, with two silver cups for best male and female.

Mr. James Ewing of Verdugo road carried away prizes at the Los Angeles poultry show as follows:

Black Breasted Bantams, special, first and second. Red Pile, first on male birds. Black Breasted Red Bantams, second on female, second on cockerel. Canaries, Lizard, first and second; Norwich, first and second on male, second on female.

Mrs. W. D. Root of Verdugo road took a half dozen White Holland turkeys and carried off prizes on all of them, firsts and seconds. Some of them were recently imported fancy stock from the East, but the bird of her own raising secured the first prize. Mrs. Root also secured prizes on Black Minorcas, rooster and hen.

Mr. G. F. Dair of Sixth street made only four entries, all of Partridge Wyandottes in a class of 92 and received first prize on pen, and fourth and fifth on cockerels, with a special cup on pen.

Mr. Walter M. Ross of Sixth street exhibited Silver Spangled Wyandottes and came home laden with prizes and honors. He received first on cockerels and hens, third on hens, first and second on pullets and first on pen of ten. Mrs. Ross was a winner also bringing home a special prize offered by Mr. Jenkins consisting of an oil painting given for the best exhibit of Wyandottes by a lady.

In addition Mr. and Mrs. Ross received four silver cups on best male and female Hamburgs and same in Wyandottes.

Mrs. L. E. Berkey, of 532 Acacia avenue, entered four White Wyandottes in a total of seventy-seven, receiving 2d and 5th on cockerels and 2d and 4th on pullets.

W. C. T. U.

Mrs. E. Norine Law Coming. Don't forget the "Penny Social" given by the W. C. T. U. Friday night, January 17th, at 7:30 p. m., at the home of Mr. and Mrs. Fred Evans, Piedmont Park near First and Adams streets. We anticipate a large gathering to bid farewell and God speed to the dear couple who have given their lives for temperance and who soon will make their home in Orange county. Make it a point that this is the evening for this work that you will go out, and you will surely enjoy a treat in listening to Mrs. E. Norine Law of Los Angeles in a short address. Regular W. C. T. U. meeting at Christian church Friday at 2:30 p. m., Jan. 17th. "Anti-Narcotics" is the subject. Everybody welcome.

Prohibition social to be held with Professor and Mrs. Dungan, 825 Lomita avenue, January 22d at 7:30 p. m. Fine program. Refreshments served. We need your presence and you need our help. Come.

DR. CURTIS TO GLENDALE.

It will be with much regret that the many friends of Dr. Chas. C. Curtis will learn of his departure from Inglewood. The doctor is well and favorably known here and in this vicinity, and has enjoyed a good practice, therefore he will be much missed. He has decided to open an office and make his home in Glendale, because of the greater number of inhabitants there and in nearby towns. As there is a larger field for usefulness there, no doubt the doctor will have a good practice in Glendale. Our loss will be Glendale's gain, and our best wishes go with him.—Inglewood News.

ATTEMPTED ARSON.

About nine o'clock, Sunday evening, there was an alarm of fire to which the department responded promptly. On arriving at Central avenue near Lomita it was found that a new apartment house being erected there was blazing near the roof. The blaze had not made much headway and was easily extinguished. Upon investigation it was found that it had originated in a small closet which had been soaked with alcohol, two empty bottles containing a small portion of the fluid being discovered. No clue to the guilty person was found. Loss was slight.

Mrs. Mary Howard Gridley of Brand boulevard, delivered her lecture, "Using Our God-given Gifts for Others," before a large and appreciative audience comprising the members of the friends of the Twenty-eighth and San Pedro street school Parent Teacher Association, at their regular meeting on Tuesday afternoon.

BRIDGES OVER THE WASH.

After an unreasonable delay the
wash at Brand boulevard and also at
Pacific avenue, is to be spanned by
bridges erected by the county, the con-
tract having been let to Mercereau
Bridge Building Co.

Good citizens of California will have
cause to rejoice if the efforts of the
District Attorneys' Association to have
legislated out of existence some of the
exasperating quibbles of the law,
should prove successful. The law's
delays and its everlasting quibbling
over things immaterial, are nearly
enough to goad a naturally law-abiding
people into the practice of lynch law.

There is a legislature in session at
Sacramento, but as far as we have
noticed no one is paying much atten-
tion to it. Under the new law the
first thirty days is devoted to the intro-
duction of bills. At the expiration of
that time the lawmaking body ad-
journs for thirty days, then reassem-
bles for another month to take action
on the various measures presented.
Theoretically this should be an im-
provement on the old system when not
one member out of ten could possibly
get in the short time at his command
an intelligent idea of one-half of the
measures it was his duty to pass upon.

A religious magazine is advertising
as one of its principal attractions a
wonderful book of adventure by a
Captain Somebody, which it declares
to be a true story. The adventures
are among the cannibals of the South
Sea and are of a kind to make one's
blood curdle quite felicitously. Nearly
every page of the 500 is warranted to
contain a thriller "stranger than fic-
tion."

It is safe to wager dollars to dough-
nuts that the alleged captain will
prove to be a faker and the adventu-
res coined out of a fertile imagina-
tion. Some of our readers may recall
the adventures of DeRougemont, pub-
lished in the "Wide World" of London
a few years ago, a publication devoted
to "true stories of adventure." After
running through a few numbers they
were suddenly brought to a finish by
the discovery that a smart Frenchman
had fooled his publishers as they in
turn fooled the public.

A MUNICIPAL NEWSPAPER.

The experience of Los Angeles in
running a municipal newspaper, does
not afford much encouragement to
other cities to become imitators. The
paper is a pretty good paper within
its limitations, but the people do not
want a paper that deals with munici-
pal affairs only. At first there were
60,000 copies issued and distributed
free, but this number has been reduced
to 31,000. Using their best efforts the
managers have only been able to se-
cure the names of 9000 people who
want the paper even without paying
for it. The cost of the publication to
the city is nearly \$50,000, although the
appropriation for it was \$36,000 for
the year. Recently bids were adver-
tised for the city printing and there
were taxpayers who thought that the
city's own paper should publish these
advertisements. The manager, how-
ever, was of the opinion that the rate
was so low that the paper's space was
more valuable for other purposes. Al-
together it looks as if this one munici-
pal enterprise in Los Angeles is fore-
doomed to failure.

The attempt to make political cap-
ital out of the Guy Eddy case in Los
Angeles, by the alleged "Progressive"
and highly moral morning paper in
that city and its twin of the after-
noon, is nauseating. In view of the
fact that the main defense of the
accused was based upon a technical
point as to the age of the woman in
the case, and that the verdict of the
jury did not by any means clear him
of the suspicion of actions testified to
by the arresting officers, it is going
a long way to attempt to make the
accused man appear as a martyr by
accusing at the same time the prose-

cutting witnesses and others of a dia-

It is getting to be the regulation
thing nowadays for criminals and their
friends to allege a "frame-up" on the
part of officers of the law; but as fre-
quently as the assertion has been
made, we have yet to learn of the first
instance in which it has been proved
to be true. Detectives and police of-
ficers may not always be men of the
highest moral character, but the
"frame-ups" which they are accused
of exist only in the imagination of
those whose wrongdoing is interfered
with by the action of such officials.

ENCOURAGEMENT OUT OF DISAS- TER.

The extent of the damage done to
citrus orchards in Southern California
by the recent unprecedented low tem-
perature, is still uncertain as far as
the fruit itself is concerned, although
there is no doubt about the very heavy
loss to one and two-year-old trees and
nursery stock. But with the splendid
optimism of our people, even those
most heavily hit are showing a dispo-
sition to make the best of it. The
idea has been advanced by others, in
which we entirely agree, that one of
the beneficial results will be the ten-
dency to plant orchards of other than
citrus fruits. Years ago Southern Cal-
ifornia devoted a great many more
acres to orchards of deciduous fruits
than it does now. It is true that as
a rule the growers got very poor re-
turns and were therefore the more
willing to dig up their trees and con-
vert their acreage into town lots, a
movement which enriched many indi-
viduals, but which was bad for the
community at large. The supply of
town lots is not likely to be exhausted,
but the supply of fruits other than cit-
rus has not kept pace with the de-
mand, the result being that Southern
California produces only a small por-
tion of the fruit which its people
consume. If the loss resulting from
this cause should be deducted from
the amount of money received for
oranges and lemons, it would very
materially reduce the profits to the
community resulting from this branch
of the fruit business and therefore
deduct proportionately from the real

loss occasioned by the adverse weather
conditions of the past fortnight.

There is no necessity as far as nat-
ural conditions are concerned for the
importation into Los Angeles and
other southern counties of trainloads
of fruit products every summer from
the Sacramento, San Joaquin and
Napa valleys. There have been indi-
cations for the past two or three years
that the planting of Orange orchards
is being overdone. Twenty-five years
or so ago it was thought by many that
the land in Southern California
adapted to orange and lemon culture,
was confined to a very limited area;
but since that time thousands of acres
have been planted to orange trees in
the foothills of the San Joaquin valley
and elsewhere and each newly devel-
oped region where these fruits will
grow, proclaims loudly its particular
and especial advantages for this in-
dustry. The few orchardists in South-
ern California who have stuck to the
production of peaches, apricots, plums,
etc., have as a rule been doing well
for the past three or four years. New
sections are being opened up where
apples and even cherries can be pro-
duced successfully and the chances for
a profitable business along this line
were never so good as at present when
the population is increasing at such
a marvellous rate with a correspond-
ing increase in the demand for fruit.

A GOOD NUMBER.

With the January issue The Theo-
sophical Path (the official organ of the
Theosophical movement, edited by
Katherine Tingley, Point Loma, Cal.)
enters upon its 4th volume, its pages
full of interest, not alone to the stu-
dent of theosophy, but to the general
reader. There are splendidly illustrat-
ed and charmingly written articles on
"The Louvre," and "Genoa." "One of
the noblest monuments of Paris, and
the one above all others that belongs
to the race as well as to France, is
the palace of the Louvre." Of Genoa
the Superb, Kenneth Morris, says:
"And indeed, superb it is, this city of
white palaces looking out over the
azure sea; this fair imperishable mon-
ument to the boundless genius, politi-
cal, artistic and commercial, of the
Latin race." Dr. George Wharton
James continues his interesting series,
"With the Zunis in New Mexico," tel-
ling some of the thrilling experiences
which he had among them.

BIRTHDAY POEM.

By Samuel Parker.
Jan. 21, 1831—82—Jan. 21, 1913.

A mother faced a Calvary
To give a helpless infant breath,
And launched on endless destiny
A soul beyond the reach of death,
"A child was born," the records say;
Then, when a few fleet years have
fled,
They bear a lifeless form away,
And briefly say, "A man is dead."

Not so. The tenement of clay
May lapse again to earth's control,
But dissolution and decay
Must not be written of the soul;
That vital spark soars home again
To Him who did existence give,
There endless cycles to remain
And live while God himself shall
live.

A most unworthy pensioner
Upon the bounty of the Lord,
'Tis meet that I should thank Him for
Mercies too numerous to record;
Mercies at every morning new,
And fresh as evening shades appear;
Mercies that run continuous through
Each day and night, as rolls the
year.

I thank Him for each added year,
Thrice thankful, since with these He
sends

With kindly acts and words of cheer
A retinue of kindred, friends,
And just across the "narrow sea"
(No dangerous or surging tide)
Are others who will welcome me
When I shall reach the other side.

Time, measured here by dates and
years
And strength, may reach beyond
four score,

But when we move to other spheres
With edict "Time shall be no more."
No almanac or calendar
Shall count the months and years
away,
But youth eternal all shall share
Amid the realm of "endless day."

He who hath led me all the way
From infancy to eighty-two,
Will not permit me now to stray,
But see me safe my journey through.
And so I give Him right of way
In evening of life's setting sun.
Ready to go, content to stay,
And humbly say, "Thy will be done."

WITH UNCLE SAM IN NICARAGUA

Two Young Sailors Tell Their Ex- perience

Probably but few people have any
idea of the fact that the United States
has just been taking part in a foreign
war, if a South American rebellion
may be dignified by that name. But
two young men who have recently
been visiting their mother in Glendale
can give some testimony under this
head. They are Fred A. and Gerald
Conrad whom a reporter found at the
home of Mr. and Mrs. Jesse Joseph
on Lincoln avenue, Mrs. Joseph being
the mother of the young men.

They were on a ten days' leave from
their ship, the gunboat Annapolis,
which they left at Mare Island, having
returned a few days previously from
the South American coast. The An-
napolis landed sixty men in Corinto
last August, being the first American
vessel on the scene, the occasion being
a revolution started by General Mena
who wanted to be president and was
threatening American life and prop-
erty. The party landed at that time
was sent by rail to the capital, Man-
agua, some distance inland, to protect
American interests at that point. The
capture of the capital city was only
prevented by the intervention of the
American sailors and marines, who
finally were the cause of the collapse
of the revolution, but not until they
had taken part in several skirmishes
and in one fight at least in which they
lost a number of men. This was in
the capture of a stronghold of the
rebels, on Coyatope Hill, which had
the reputation among the natives of
being impregnable, never having been
captured before. The hill was defend-
ed by about a thousand rebels with
machine guns, but owing to the fact
that they could not depress the guns
sufficiently to cover the attacking
party, when the Americans charged up
to the top it was only a question of
a short time until they demonstrated
what American soldiers and sailors
can do. The young men display an
interesting collection of shrapnel and
machine gun cartridge shells secured
after this fight. The rebels lost 126
men in this fight and the attacking
party a half dozen or so in killed. This
occurred on October 27th and put an
end to the revolution. The United
States had only 160 men at Corinto
on the Annapolis in the beginning but
reinforcements were sent from Pan-
ama under command of Capt. Butler
of Boxer war fame and from that time
on there was plenty doing. At Man-
agua the rebels crept up to the town
every night and fired into every house
that showed a light. When the Amer-
icans arrived martial law was declared
and no lights were allowed to be lit.
The American legation was shelled
more than once. One of the Conrads
had charge of a body of sixteen men
with a machine gun on a bridge com-
manding three of the principal streets
of Managua; they kept the gun work-
ing so lively that the rebels thought
they had a thousand men in front of
them. His brother was one of a party
that captured the rebel navy on Lake

Nicaragua, consisting of one gunboat
plundered principally for the purpose of
plundering along the shore. After the
capture of the hill Gen. Mena came
in and surrendered to the U. S. forces
and was taken to Panama. The con-
dition of the people in the neighbor-
hood of Corinto is reported by the
Conrads as being deplorable, one
banana a day was the usual ration
among the rebels, the officers having
as an addition to this one ear of corn.
In the fighting the women among the
rebels took an active part being particu-
larly vicious.

Speaking of the conduct of the men,
Capt. Ternune of the Annapolis said,
"All of my men were heroes."

There were three of the Conrad
brothers who enlisted in the navy at
Chicago for a three-year term, about
half of which has expired, one of them
was afterwards released on account of
the illness of their mother. Fred and
Gerald expect to serve out their term
although they express themselves
after their South American experience
as willing to try a less strenuous life
as soon as they can do so. They
brought back with them a fine collec-
tion of relics and curios from Nicara-
gua which are in possession of Mrs.
Joseph.

On the Evidence.

Murray E. Tuley, who gave twenty-
five years of continuous service as
judge of the circuit court in Chicago,
was noted for the strict impartiality
with which he rendered decisions, even
when his personal bias was strongly
the other way. On one occasion, hav-
ing heard a certain famous suit, he
found himself impelled to hand down
a decision repugnant to his own incli-
nation.

"Do you mean you think the defend-
ant was not at heart a swindler?" de-
manded an intimate friend, who dared
complain of the finding.

"Billy," said Judge Tuley solemnly,
"I took that evidence to Arkansas with
me and studied it two weeks. Then I
brought it home and spent ten days
more on it. Then I said in my deci-
sion:

"So far as the evidence shows the
defendant is an upright and honorable
Christian gentleman."

"So far as the evidence shows,"
repeated the jurist slowly and with
emphasis. Then he leaned forward in
his chair, placed a hand on the other's
knee and exclaimed, with an air of
vindication:

"But, Billy, I didn't say I believed
it!"

Man's First Sin. Gen. III.

Golden Text—Every one that com-
mitteth sin is the bondservant of sin.
John viii.34.

(1.) Verse 1—In what respect did the
serpent misrepresent God's prohibition?
(2.) What was probably the intention
of the serpent in making God's com-
mandment appear to be unreasonable?

(3.) Verses 2-3—Lying and stealing,
with some other sins, often look to be
advantageous to those who are tempt-
ed, so why does God forbid them?

(4.) Would God have forbidden them to
eat of this particular tree, or any
other tree the fruit of which would
have been really good for them? Why?

(5.) Does God forbid some things to
some people while he permits them to
others? Why?

(6.) Verses 4-5—What is the differ-
ence, if any, in the culpability of the
sin of tempting a person to do wrong
by telling the truth or to do so by tell-
ing him a falsehood?

(7.) How much of the serpent's state-
ments in verses four and five is true
and how much false?

(8.) Verses 6-7—Why is it sinful to
obtain a first hand knowledge of some
things?

(9.) What is the ultimate test whether
a thing is right or wrong? (This is one
of the questions which may be answer-
ed in writing by members of the club.)

(10.) If a thing is pleasurable to our
sensations, adds to our stock of knowl-
edge and does not appear to injure any
other person, is it always right to do?
Why?

(11.) Wherein did the sin of Eve con-
sist?

(12.) Verses 8-12—Why did Adam and
Eve hide themselves from God?

(13.) How did they act in the pres-
ence of God before they had sinned?

(14.) Why do sinners shut God out
of their sight all the time?

(15.) Which was the more guilty,
Adam or Eve?

(16.) Which has nature made the
stronger to resist temptation, the man
or the woman; and which, therefore, is
more to blame in yielding to tempta-
tion?

(17.) Verse 13—From the fact that
God first chides Eve for her sin would
you say that he blamed her more than
Adam?

(18.) How much did it extenuate the
sin of Eve from the fact that the ser-
pent had tempted her?

(19.) When two persons fall into the
same sin, one as a result of strong
temptation and the other from his own
choice, what difference if any is there
in their blameworthiness?

(20.) Verses 14-15—How are serpents
regarded today and how have they
been regarded in the past?

(21.) Verse 16—Would you say or not,
and why, that the danger and pain of
child bearing are due to the sins of the
race?

(22.) Verses 17-21—What reason is
there to believe that weeds, thorns and
thistles are a result of sin?

(23.) When is work a curse and when
a blessing?

(24.) Verses 22-24—What is it which
deprives a man of every good and
brings to him every ill?

Mattresses For Plate Glass.

The mattresses whereon we sleep
are by no means the only ones. There
is, for instance, the mattress that is
placed in wagons for the conveyance
of plate glass in safety. These wagon
mattresses are made of curled hair.
They are of a thickness scarcely great-
er than that of the coverlet that is
known as a "comfortable." The ex-
igencies of plate glass transportation
require that these mattresses be con-
structed with exceeding care, inas-
much as a slight lump anywhere in
the mattress might prove sufficient to
cause the breakage of the glass that
rests upon it. In the event of two
plates of glass resting upon that lump
at the same time still greater danger
to the glass is courted. These plate
glass mattresses cost, according to
size, from \$60 to \$75. The mere mak-
ing of such a mattress may cost from
\$20 to \$25.—Harper's.

True to His Profession.

The lawyer wrote a poem and took
it to the editor. The editor broke into
his works of necessity long enough to
give the verses a close perusal.

After which he shook his few re-
maining locks in a discouraging man-
ner.

"Sorry," he said, "but it isn't avail-
able."

The lawyer frowned.
"In my opinion," he said, "the poem
is admirably adapted for publication
purposes."

"I can't use it," said the editor.

The lawyer straightened up.

"Do you mean to say that after hear-
ing my opinion you still refuse to pay
me for the verses?"

"I do."

"Then," said the lawyer with much
firmness, "I'll have to charge you for
the opinion."—St. Louis Post-Dispatch.

The Resourceful Housewife.

In the club they were comparing the
resourcefulness of their wives in dif-
ficult social situations. The man who
lives in a Harlem flat had been a good
listener, but he finally found an open
ing.

"Yes," said he, "my wife isn't bad
at that sort of thing. We were hav-
ing some people to luncheon one Sun-
day last spring, and just at an hour
when all the delicatessens were closed
she discovered that she needed some
mustard and didn't have a grain of it
in the kitchen. And she isn't the sort
that will borrow from people next door
that she doesn't know. It was a bad
fix all right. But she got mustard
enough."

"Went to the delicatessen man's
house and routed him out, I suppose?"
suggested a member from the Bronx.

"Not much. Just went to the medi-
cine closet, got down a box of ready
made mustard plasters, put 'em to soak
and squeezed enough of the hot stuff
off."

"Good night," said the man from the
Bronx.—New York Globe.

Early Diplomats to Turkey.

Some of the early diplomats accred-
ited to Constantinople had unpleasant
experiences even in times of peace. In
1673 the grand vizier, having inter-
cepted some French dispatches, tried
to borrow the cipher of the embassy.
Delahaye, the first secretary, who re-
fused to accede to this request, was
thrown into prison, where he was bas-
tarded and all his teeth were broken.
Louis XIV. was then at the height
of his power, yet no reprisals were
made for this treatment of his repre-
sentative. Until the middle of the
eighteenth century the foreign envoys
in Constantinople were under close su-
pervision. They were forbidden to
visit one another's houses or to meet
elsewhere. When a protest was lodged
against this restriction the Grand
Vizier Sokoll replied, "You can jab-
ber together as much as you like when
you return to Christendom, but we
will not have you plotting among your-
selves here."—London Chronicle.

Rain Making Fallacies.

The United States weather bureau
has many times given its opinion that
the production of rain at a time when
it would not otherwise have fallen can-
not be brought about by any means in
the power of man. The enormous
weight of air in a storm cloud of even
moderate extent prevents our believing
that a discharge of powder or dynamite
can affect the cloud. Even if a great
shock could be given to the air, there is
no reason to believe that a shock can
condense water vapor to water drops,
producing a cloud in clear air and caus-
ing a downfall of rain from the cloud
thus formed. Water vapor is not con-
densed into water by a shock. It is
condensed by cooling. The popular no-
tion that rain is caused by great bat-
tles or other explosions is regarded by
scientific men as entirely erroneous.—

Saved by Fireworks.

Sir Harry Johnston relates how a dis-
play of fireworks helped him out of a
tight corner in South Africa when a
friendly chief was attacked by a tribe
called the Wa-kibosho and asked the
Englishman to help him. Sir Harry
says: "I made all necessary prepara-
tions for a grand display of fireworks,
and when it was quite dark I blazed
forth on the astonished savages with
bengal lights, red fire, roman candles,
serpent squibs and, lastly, a magnifi-
cent flight of rockets. The terrified Wa-
kibosho scarcely waited to see the end
of the show. When the first rocket
rushed shrieking into the air and broke
in a mass of blue and crimson falling
meteors our astonished foes fled in dis-
may."—London Standard.

A Venerable Attendant.

One day a reader in the British mu-
seum library went to the librarian and
asked if he could tell him where he
could get some information about a
Jewish rebellion which took place
about A. D. 50. "You should consult
Josephus," said the librarian, indicat-
ing the open shelves which line the
walls.

"Why, yes; of course I should!" ex-
claimed the inquirer, as though re-
membrance had suddenly come to him.
"That little white haired man coming
toward us is Josephus, is he not?"

Called the Bluff.

The learned counsel was endeavoring
to impress the court with the fact that
his clients had always been anxious to
settle. "My lord," he said impressively,
"only eighteen months ago we held
out the olive branch." "Yes," respond-
ed the witty judge, "but there were
no olives on it."

Significant.

"Albert, what did your sister say
when you told her I was in the parlor
waiting?" inquired the hopeful young
man.

"Nothing." But she took a ring off
one finger and put it on another.—Lip-
pincott's.

Delinquent City Tax List of Property in the City of Glendale, County of Los Angeles, State of California, for the Fiscal Year of 1912-1913

DELINQUENT LIST

The Tax Collector must collect in addition to the taxes due on the delinquent list, together with the penalties due for delinquency, fifty cents on each lot, piece or parcel of land, separately assessed, and on each assessment of personal property, which will be paid to the city and placed to the credit of the general fund.

FREE BIBLE LECTURE

W. HOMER LEE

Will Lecture on "Death, What of It?"
Sunday, January 19, at 3 p. m.
K. P. Hall, Glendale, Cal.

It is reported that Mr. Lee as a Bible lecturer, has gained great favor with thoughtful minds of various denominations, being recognized by many as one of the closest students of the Bible living on the Pacific Coast. His clear language, easy delivery, years of study, being a man of broad experience in the world and as a Christian, are potent factors in his deep and logical deductions. We understand Mr. Lee purposes the discussion of many perplexing questions which he claims should be generally understood by the public, but ordinarily not discussed—for instance, "Why will there be a Judgment Day?" "What object could be obtained?" Mr. Lee asserts that a knowledge of "Death and Resurrection" is of vital importance to all, in that it embraces the plan of God as regards the human race, thus tracing the past, present and future of man in a most pleasing and harmonious manner, closely revealing God's love and wisdom in so great a plan. Those having heard the speaker say it is not only a source of spiritual inspiration but educational and elevating in the highest sense. Concerning the importance of the subject and the kind of instruction one might reasonably expect, a full house is predicted. For men, women and orderly children accompanied by parents. Come and invite your friends. Free admission.—Adv.

RESULTS OF THE LATE COLD SPELL.

No one can state with any positive-ness just what proportion of the citrus crop or trees has been ruined irretrievably by the frigid weather of last week. Two or three weeks must elapse before the loss can be gauged with any positiveness. In about a month the frozen fruit will have fallen off and the oranges that remain will be marketable. The lemons will not come out so well, not many of those which were actually frozen can be expected to recover. In this section we have heard of no considerable loss to the trees although orange and lemon trees set out during the past year can hardly be expected to stand the strain in the upper portions of the valley.

west of the San Fernando Mission the young orchards are reported badly injured. The effect upon deciduous fruit trees will be beneficial rather than otherwise. Speaking of the effect of the cold throughout Southern California, generally, a gentleman who had made a tour of the country around Pomona, Ontario, Riverside and Redlands within a day or two said, "All precedents have been upset. It has always been considered that there were frostless sections along our foothills practically immune from the effects of cold and in these places smudging has never been considered necessary. But it really seems that this time all precedents have been upset. We used to think that if the air kept in motion the frost would not form, but this time there was one night when a freezing wind came from the mountains and blasted everything in the shape of green growth that it touched."

LECTURE ON CHRISTIAN SCIENCE.

The public is invited to attend a free lecture on Christian Science to be delivered by W. D. McCrackan, C.S.B. of New York City, on Thursday evening, Jan. 23, at 8 o'clock, in the K. O. P. hall, 302 1/2 Brand boulevard.

Mrs. Charles E. Hutchinson of 29 Orange street entertained at luncheon on Friday Mrs. Dr. Pottenger of Yonkers, Mr. Dr. Jones of Los Angeles and Mrs. H. P. Mrs. J. R. Nichols and Miss Margaret Nichols have returned to Berkeley where Miss Nichols will resume her course at the university of California, after spending the holiday season in Glendale. Before their departure, Miss Margaret and her sister, Miss Harriet Nichols entertained a number of their friends at their home in the California apartments, on Thursday evening.

Mr. and Mrs. Robert McIntosh entertained charmingly, Thursday evening, at their home, 1008 Chestnut street. Mrs. McIntosh was ably assisted by her sister, Miss George Duffet. Dainty floral decorations adorned the receiving rooms. A pleasant evening was enjoyed playing whist, after which a delicious light supper was served. A number of out-of-town friends were present.

The music section of the Tuesday Afternoon Club met Thursday at the home of Mrs. Mattison B. Jones on Orange street. The study of the afternoon was the life of Wagner and his opera, "The Valkyrie," was enjoyed on the Victrola. The month of February will be devoted to a perusal of French composers and French opera. The music section meets regularly every first and third Thursday of each month.

TROPICO

Mr. and Mrs. Edwin Evans, recently of the East, took possession Sunday of the cozy little bungalow home on Boynton avenue, which they purchased from Charles M. Retts, contractor.

An address was given in the auditorium of the Presbyterian church Thursday afternoon at 2:30 o'clock, January 24th, by Mrs. T. M. White of Los Angeles. Her subject was "A Glimpse of Mormonism."

G. J. Griffith is going into the raising of potatoes on the large scale. Five carloads of seed potatoes have arrived at this place to be planted in the extensive acres of the Griffith farm on the opposite side of the Los Angeles river.

Rev. M. M. Eshelman and Mrs. Salome A. Watkins were married recently at this place. Mr. Eshelman is well known here. Mr. and Mrs. Eshelman are residing at the home of Mr. and Mrs. Charles Bixby at 410 North Central avenue.

A. M. Jamagochian, banker and financier of the Pacific Home Builders company, will, with his family, soon take possession of a beautiful home at the corner of Columbia street and San Fernando road. This is one of the finest homes in the Angelus tract and is admired by all.

The members of the Tropico Thursday Afternoon club met at the home of Mrs. H. H. Gaarder, Thursday afternoon of last week, the affair being a social gathering. Mrs. Gaarder was assisted in entertaining by Mrs. W. C. Wattles and Mrs. H. G. Pettit. The two past presidents of the club, Mrs. John A. Logan, first; Mrs. A. W. Collins, second president, and Mrs. Dwight Griswold, present president, gave short talks. Mrs. Collins reported that \$120 was raised at the Christmas Shop given just before Christmas by the club in the Knights of Pythias hall.

A disastrous fire at this place recently was that which took the home of Mr. and Mrs. A. J. Becker, at the intersection of Central and Gardena streets. The Becker family retired early that evening and at midnight they were awakened by the excited barking of their dog. Smelling smoke Mr. Becker rose and found that the entire front portion of the beautiful home was in flames. J. W. Gould, city marshal, was among the first to see the flames and he at once telephoned to the fire station, the whistle of which is the fire signal for this place. A goodly number of public-spirited citizens answered the call for help, but it was impossible to save any portion of the structure. The damage is estimated at about \$4000.

HOLD JOINT INSTALLATION.

The N. P. Banks Post and Corps of this valley held a joint installation in the G. A. R. hall on Glendale avenue last Saturday. The installation services were conducted by Hon. T. D. Kanouse of Los Angeles, past commander of the post, assisted by Robert Taylor. Following the ceremony an elaborate banquet was served to about 150 guests, at the conclusion of which those present, headed by the color-bearer of the corps, Lieut. J. Bailey Hickman, marched to the Star theater on the San Fernando road, where a special program had been arranged for the post and corps.

The officers installed during the day and for the ensuing year were: Post commander, Rev. D. D. Cheney; senior vice commander, Major J. J. Weiler; junior vice commander, R. D. Goss; chaplain, B. Lovelace; quartermaster, W. B. Pratt; officer of the day, Robert Taylor; guard, J. B. Hickman; sergeant-major, J. A. Thayer; adjutant, T. M. Barratt; quartermaster sergeant, E. S. West.

TROPICO IMPROVEMENT NOTES.

The trustees of this city have disposed of a franchise for the laying of gas pipes and the furnishing of gas to the residents of this place to the Southern California Gas company, the only bidder, for \$100. In connection with the franchise above mentioned the following guarantee letter has been received by C. A. Bancroft, president of the Tropico board of trustees:

"Dear Sir: I beg to confirm our understanding to the effect that in the event of our purchasing the franchise to distribute gas in the city of Tropico, which is to be sold January 2nd, 1913, that the company agrees to sell gas to the inhabitants of your city at a rate similar to that being charged in

the city of Los Angeles for like service." This letter was signed by A. N. Kemp, first vice president of the gas company.

The present rate for gas in this city is \$1.00 per 1000 cubic feet. In Los Angeles the rate is 75c for the same amount, which rate will doubtless be charged in this city hereafter.

There is something doing in this city in the way of building. Two business blocks are under construction and three others have been contracted for. The two now being erected are the Payne block, on the site of the old Logan block, and the block just south of the Gabalg block on San Fernando road. Two blocks will soon be started at the corner of Park avenue and Brand boulevard. One of these will be built on the property owned by William Malcom, this being the north-west corner of this intersection of streets, while the other will be on the Wolfe property, which is the north-east part of this corner. It is understood that these buildings will be strictly modern in every respect, will be two stories and will be erected entirely of brick with pressed brick front. The third block to be started soon will be on the property of Mr. Bancroft on Brand boulevard between Laurel and Tropico avenues. It seems as though the builders of this place came out of their dreaming at the same time, and have started in to make things hum.

The report of Building Inspector Jennings for the month of December is as follows: A. M. Jamagochian, residence, South San Fernando road and Columbia, \$7800; J. T. Sibert, residence, Vassar avenue, \$2000; J. B. Harding, residence, Vassar avenue, \$2850; Pacific Home Builders, residence, Gardena avenue, \$2000; Mrs. E. W. Richardson, moving, Central avenue to San Fernando road, \$200; C. Hamaski, hot house, Los Angeles street, \$400; Lacey Neil, residence, 111 North San Fernando road, \$1000; Mrs. King, residence, Christopher street and San Fernando road, \$1500; H. W. Melton, residence, Mira Loma street, \$2000; C. W. Weibe, residence, 658 Acacia street, \$1500; R. Rooke, residence, Gardena avenue, \$1500; Mrs. C. D. Snyder, residence, Brand boulevard, \$2000; Leo S. Putnam, residence, Gardena avenue, \$2000; J. J. Burke, residence, Moore avenue, \$2000. Total valuation for the month was \$30,650. Plumbing permits, \$1750.

The Pacific Home Builders are letting no grass grow under their feet as far as improvements are concerned. It might be mentioned incidentally, that at the present time this company has something like a dozen homes under construction in their tracts at this place. Besides this building this company has just taken over the Devine property which lies east of the Southern Pacific tracks and about a quarter of a mile south of the Pacific Electric line on the west side of the San Fernando road. This tract is being laid out and will soon be opened to homeseekers. Robert Devine, who has owned the property known as the Devine ranch for something like 30 years, is now erecting a modern home on the northeast corner of the Devine ranch. In the spacious Angelus tract No. 2, which consists of 222 acres, engineers are busy at this time, establishing grades and laying out streets.

The crew of men who have charge of the installation of meters for the Pacific Light and Power corporation at this place, are working like beavers trying to keep up with the calls for electricity. It is understood that the company has about forty applications ahead all the time and the crew cannot lessen the number although the men are doing their best to do so.

WEST GLENDALE

Mrs. Jessie Hubbard of Omaha, Neb., is visiting her mother and sister Mrs. Woodruff and Mrs. R. B. Boyd at their residence on Ivy street. Mrs. Hubbard expects to remain some time.

Mrs. E. B. Jones of San Bernardino recently made a ten-day visit with her sister, Mrs. J. J. Schremp of West Broadway.

Letters recently received from Phoenix, Ariz., reveal the fact that although winter wasn't centered around us, the thermometer in Phoenix registered 7 degrees above zero, and that's something it didn't do here. The writer of the letter expects to be back in Glendale about the first of April, if not sooner.

Mr. Durham and family together with Mrs. Durham's parents, Mr. and Mrs. Powers, who purchased the Hammond property on Ivy street a few months ago, left for Los Angeles on Wednesday, where they have taken apartments. Mr. Durham is on the staff of one of the afternoon newspapers of Los Angeles, and was at one time city editor of the Examiner.

The Queen Esther of the West Glendale M. E. church held their business meeting Monday afternoon in the parlors of the church. Election of officers as follows: President, Miss Clara Midcalf; first vice president, Louise Brooks; second vice president, Helen McMillen; treasurer, Ila Brooks; secretary, Marjorie Hoops; program secretary, Irene Jones; pin secretary, Elizabeth Bullard; supply secretary, Lucille Woods; mite box secretary, William Hobbs; paper secretary, Mildred Elliott; membership secretary, Margaret Lacom.

Mrs. Earl Kinzell and baby daughter Loraine spent a few days with her mother in Los Angeles.

We were in error last week as to the date of the supper to be given by the men of the West Glendale M. E. church. It should have been Thursday, Jan. 23rd. Don't fail to be there. Remember the men will "serve" the supper, but if you should happen to get something that tasted like their wife's cooking, don't say anything.

Twelve or thirteen new applications were received by the Glendale Elks at their meeting on Monday night.

A seven-pound baby girl was born to the wife of George W. Blake of 1564 West Fifth street, on Saturday night at the Pacific hospital in Los Angeles. Mother and child are doing nicely.

Mr. Howard Cleland of 1526 Ivy street left Glendale last Monday to return to his former home in Pittsburg, Pa., where a better paying position awaited him. He was looking forward to meeting old friends again.

A fire of incendiary origin occurred Sunday evening at Chestnut and Central, damaging the property to the extent of one hundred and fifty dollars which is fully covered by insurance. The house is a two apartment bungalow in the process of building by Robert P. MacMullin. The fire was started in the cooling closet where the draft was excellent for the purposes of the incendiary, who left two bottles which had contained wood alcohol, in the house. The blaze was seen by two boys who were passing and turned in the alarm which was responded to by the Glendale fire department. Their prompt and efficient service prevented the fire from spreading to a space larger than six by six feet, which accounts for the comparatively small amount of damage.

No reason is known at present for the desire of any one to destroy the building, but clues have been obtained which, it is thought, will lead to the discovery of the perpetrator.

The concerts given by the People's Orchestra at the Auditorium in Los Angeles under the direction of the Southern California Music Teachers Association are drawing each Sunday a larger and more enthusiastic audience.

The program for next Sunday is one of the most interesting yet offered to music lovers. Miss Paloma Schramm, a brilliant young Californian with a world-wide reputation as a pianist of exceptional ability, having played with orchestras in nearly all of the capitals of Europe, has been especially featured on the program.

Seats may be reserved at any time. The program in its entirety follows: Overture, William Tell.....Rossini Piano Concerto, A Minor.....Grieg Adagio-Allegro Marcato.....

Miss Paloma Schramm. Concert Overture.....Rudolph Kopp INTERMISSION. Overture in F.....M. F. Mason L'Arlesienne Suite.....Georges Bizet

AT CASA VERDUGO AND NORTH GLENDALE.

Work on the brick block at Stocker and Central is proceeding rapidly. Tenants have already been secured for the store rooms. Logan's store will take up the largest portion. There will be a barber shop, jewelry store and one or two other lines of business.

Mr. Albert Reeves, lately from the state of Washington, has bought five acres on Sixth street next to the hot houses upon which he will make extensive improvements. It is said that a brother of Mr. Reeves will occupy this property while Mr. Reeves is contemplating the purchase of another fine site higher up.

The Pepper Tree Inn is closed temporarily while being remodeled. Property values in this section have advanced more rapidly during the year just ended than in any previous year.

PANAMA-PACIFIC EXPOSITION.

Dr. H. L. Henderson, president of the Astoria Centennial celebration has forwarded to the exposition an immense American flag to fly on the big flagpole that was sent to the exposition by the citizens of Astoria some time ago.

The flag was donated to the Astoria Centennial committee by Phil. Menton, proprietor of the Imperial hotel at Portland.

Within a very short time the gates to the exposition site will be closed and visitors will be called upon to pay an admission to enter the grounds and watch the work of construction. The fence is already up and it covers 21-3 miles.

W. W. Anderson Company were awarded contract to build the machinery exhibit palace by the committee on buildings and grounds. Their bid was \$509,900. The floor area of the building is over eight acres, nearly six times as large as the old mechanics pavilion of San Francisco, formerly located at Larkin, Hayes and Grove streets, which will be remembered as being a very large building. There will be over a mile and a half of ornamental cornices on this building. The machinery hall will be notable by reason of the fact that it is the greatest example of frame construction and engineering ever attempted on the Pacific Coast.

A gigantic replica of the Grand Canyon of Arizona, the most elaborate conception of its kind ever devised for a world's fair, is being arranged by the Santa Fe railroad as its feature of participation in the 1915 exposition. The concession will reach a cost of \$250,000. The canyon will be shown on staff and canvas, with every device of the expert scene painter brought into use.
